**Reimbursements**

 2) If yes, provide details, including how reported on Form W-2.

**Adjustments for the Self-Employed**

Insurance premiums paid: Health \$ \_\_\_\_\_ Long-Term Care \$ \_\_\_\_\_  
*Include Medicare premiums you voluntarily pay. Do not include for months self-employed person is eligible to participate under any employer's plan. Report in STEP 9 instead. See D below.*

Contributions made to your SEP, SIMPLE or qualified retirement plan \$ \_\_\_\_\_

**Employee/Self-Employed Tax Tips**

- A) **First-Year Expensing Election.** Up to \$500,000 of qualifying business assets (including up to \$250,000 of qualified real property) purchased and placed in service in 2011 may be expensed currently. (Separate limits apply to business autos and SUVs.)
- B) **Business Use of Home Deduction.** If an area of the home is used regularly and exclusively for business, a deduction for a portion of mortgage interest, taxes, insurance, other operating costs and depreciation may be allowed. Special rules apply for inventory storage and daycare.
- C) **Per Diem Meal Rates.** In lieu of using actual expenses incurred for meals and incidental expenses, self-employed individuals and employees may deduct per diem amounts up to IRS-approved rates. The rates depend on location. Provide detailed list of dates and locations of business travel.
- D) **Self-Employed Health Insurance Deduction.** Premiums paid are for the self-employed individual, spouse, dependents and children under age 27. The deduction is not allowed for any month that the self-employed individual is eligible to participate in a subsidized health plan maintained by any employer. This rule is applied separately for policies that include long-term care.
- E) **Self-Employed Retirement Plans.** Many retirement plans (funded with pre-tax dollars) are available to self-employed business owners. The deadlines for establishing a retirement plan vary. If you have employees, matching contributions may be required.
- F) **Small Employer Health Insurance Credit.** A credit is available to qualified small employers that pay health insurance premiums for employees. Premiums paid for the business owner and his family members don't qualify. Ask us for details.

**Vehicle Expense**

- Travel expenses between home and a temporary work location *within* your metropolitan area are not deductible unless one of two tests are met:
  - You have one or more regular work locations away from your home or
  - You qualify for a business use of home deduction.
- A work location is considered temporary if employment is expected to last and actually does last for one year or less. Commuting expenses for going between the taxpayer's home and a temporary work location *outside* the metropolitan area where the taxpayer lives and normally works are deductible.
- There are two methods to determine the deduction for automobiles and trucks used for business: (1) actual expenses or (2) standard mileage rate (for 2011, 51¢ per mile through 6/30/11; 55½¢ per mile after 6/30/11). You may claim the standard mileage method whether you own or lease your vehicle.
- For each vehicle used for business, complete lines 1–6. If you use standard mileage allowance, ignore lines 7–13. If you purchased a vehicle this year and *do not* use standard mileage allowance, provide a copy of the sales invoice.

## Tax Tips for All Taxpayers

- 1) A person who files a joint return (other than a return filed solely to claim a refund) cannot be claimed as a dependent. Also, special rules apply to children of divorced parents.
- 2) An American Opportunity tax credit (\$2,500 maximum per-student, per-year) is available for the first four years of post-secondary tuition, fees, books, supplies and equipment.

A lifetime learning credit (\$2,000 maximum per return) is available for post-secondary educational expenses (tuition and fees, plus books, supplies and equipment that must be paid to the institution as a condition of enrollment or attendance). It is available for an unlimited number of years for undergraduate, graduate, professional degree and other students acquiring or improving job skills enrolled in one or more courses.

The education credits phase out at higher levels of adjusted gross income (AGI).
- 3) You can deduct up to \$2,500 of interest on qualified education loans for college or vocational school expenses, or up to \$4,000 of post-secondary tuition and fees, even if you do not itemize deductions. Deductions are phased out based on AGI.
- 4) Nondeductible contributions up to \$5,000 (\$6,000 if age 50 or older) can be made to a Roth IRA. Distributions, including earnings, are tax-free when certain requirements are met. The contribution limit is subject to an AGI-based phase-out.
- 5) An IRA deduction up to \$5,000 (\$6,000 if age 50 or older) is available to all taxpayers who are not covered by an employer-sponsored retirement plan. Taxpayers covered by an employer plan may be eligible for a full or partial deduction, depending on their AGI.
- 6) If only one spouse has compensation, a spousal IRA can be set up for the nonworking spouse. Each spouse (working and nonworking) may contribute up to \$5,000 or \$6,000 (if age 50 or older).

- 19) Insurance premiums on policies that cover medical costs are deductible. Premiums on disability and loss of income insurance are not deductible.
- 20) Qualified long-term care insurance premiums are deductible subject to age and annual dollar limits: Age 40 or less, \$340; ages 41 to 50, \$640; ages 51 to 60, \$1,270; ages 61 to 70, \$3,390 and ages 71 and up, \$4,240.
- 21) Special assessments paid on your property are normally not allowed as a deduction. But, the interest portion of the special assessments can be deducted as a tax.
- 22) Loan origination fees (points) are deductible as interest by a buyer of a principal residence. Homebuyers are also allowed to deduct seller-paid points. Points paid on refinancing an existing mortgage must be deducted (amortized) over the life of the new mortgage.
- 23) Charitable contributions of \$250 or more in any one day to any one organization must have written substantiation from the organization. A bank record, such as a cancelled check, is not sufficient.
- 24) When making contributions of used furniture, appliances and clothing to nonprofit organizations, request a receipt from the organization. Attach a record of the items donated to the receipt for proof of this deductible contribution. Contributions must be in good or better condition to be deductible.
- 25) Taxpayers who own appreciated stocks or bonds for more than one year can take advantage of certain tax-saving methods by donating the securities to churches or other nonprofit organizations.
- 26) Generally, a net loss due to a casualty (such as flood, fire, theft, etc.) is deductible to the extent it exceeds 10% of your AGI. Special rules apply to federally declared disasters. Ask us for details.
- 27) Expenses incurred for education for improving your skills for your present job or maintaining your job may be deducted. Seminars, tuition, books and some travel expenses can be deducted. Travel as a "form of education" is not deductible. *Example:* French teacher travels to France to maintain general familiarity with the French language and culture—not deductible. However, see Tax Tip 2 for education costs that qualify for a credit even when not job-related.
- 28) Job-seeking costs in the same field of employment are deductible. Successful job placement is not necessary.
- 29) Part of a legal fee incurred in a divorce or an estate plan may be deductible if it is for advice on the tax consequences. Have your attorney clearly indicate how much of the fee is for tax advice.
- 30) Expenses incurred for attending conventions, seminars or other meetings that give investment advice to taxpayers are not deductible.
- 31) Investment interest (land, margin account, etc.) is deductible only to the extent of net investment income. Net investment income includes dividends, interest, royalties and short-term capital gains.
